Pinin Polyclonal Antibody

Cat #: ABP52211 Size: 30μl /100μl /200μl

Product Information

	Product Name: Pinin Polyclonal Antibody		
	Applications: WB, ELISA		**Isotype:** Rabbit IgG
	Reactivity: Human, Mouse		
REF	**Catalog Number:** ABP52211	LOT	**Lot Number:** Refer to product label
	Formulation: Liquid		**Concentration:** 1 mg/ml
	Storage: Store at -20°C. Avoid repeated freeze / thaw cycles.		**Note:** Contain sodium azide.

Background: PNN (Pinin, Desmosome Associated Protein) is a Protein Coding gene. Diseases associated with PNN include melanoma metastasis and premenstrual tension. Among its related pathways are RNA transport and mRNA surveillance pathway. Gene Ontology (GO) annotations related to PNN include poly(A) RNA binding and structural molecule activity.

Application Notes: Optimal working dilutions should be determined experimentally by the investigator. Suggested starting dilutions are as follows: WB (1:500-1:2000), ELISA (1:20000). Not yet tested in other applications.

Storage Buffer: PBS containing 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.

Storage Instructions: Stable for one year at -20°C from date of shipment. For maximum recovery of product, centrifuge the original vial after thawing and prior to removing the cap. Aliquot to avoid repeated freezing and thawing.
