

BCECF, AM ester

Cat #:BMD00007

Lot #: Refer to product label

BCECF, AM ester is membrane-permeant and thus can be loaded into cells via incubation.

Product Information

Product name BCECF, AM ester

Specification

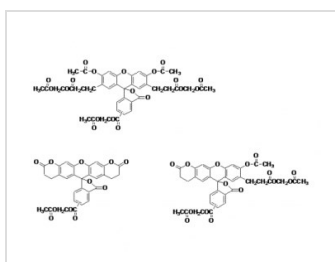

Fig. BCECF, AM ester structure formula

Product Properties

Storage instructions

Store at -20°C. The product can be stored for up to 12 months. Protect from light.

Shipping

Gel pack with blue ice.

Precautions

The product listed herein is for research use only and is not intended for use in human or clinical diagnosis. Suggested applications of our products are not recommendations to use our products in violation of any patent or as a license. We cannot be responsible for patent infringements or other violations that may occur with the use of this product.

Additional Information

Background

BCECF, AM ester is membrane-permeant and thus can be loaded into cells via incubation. This product is a mixture of three molecular species, all of which are readily hydrolyzed by endogenous esterases into a single BCECF free acid form once they are in the cells.
