## FITC (ISOMER I)

Cat #:BMD00059

Lot #: Refer to product label

FITC is an amine-reactive fluorescein derivative.

---

### Product Information

<b>Product name</b>	FITC (ISOMER I)
---------------------	-----------------

---

### Specification

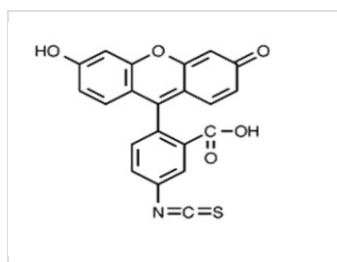

Fig. FITC (ISOMER I) structure formula

---

### Product Properties

<b>Storage instructions</b>	Store desiccated at -20°C, protected from light, especially when in solution.
<b>Shipping</b>	Gel pack with blue ice.
<b>Precautions</b>	The product listed herein is for research use only and is not intended for use in human or clinical diagnosis. Suggested applications of our products are not recommendations to use our products in violation of any patent or as a license. We cannot be responsible for patent infringements or other violations that may occur with the use of this product.

---

### Additional Information

<b>Background</b>	FITC (fluorescein-5-isothiocyanate) is an amine-reactive fluorescein derivative for labeling proteins or other molecules containing primary amines.
<b>Alternative names</b>	fluorescein-5-isothiocyanate
