

## 5-CFDA

Cat #:BMD00067

Lot #: Refer to product label

5-CFDA is membrane-permeant and can be loaded into cells via incubation.

## Product Information

**Product name** 5-CFDA

## Specification

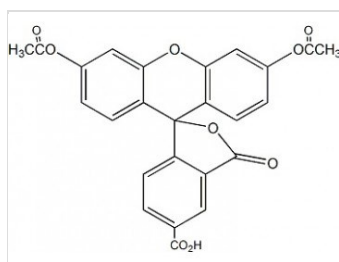

Fig. 5-CFDA structure formula

## Product Properties

### Storage instructions

Store at -20°C. Protect from light.

### Shipping

Gel pack with blue ice.

### Precautions

The product listed herein is for research use only and is not intended for use in human or clinical diagnosis. Suggested applications of our products are not recommendations to use our products in violation of any patent or as a license. We cannot be responsible for patent infringements or other violations that may occur with the use of this product.

## Additional Information

### Background

5-CFDA is membrane-permeant and thus can be loaded into cells via incubation. Once inside cells, 5-CFDA is hydrolyzed by intracellular esterases to 5-carboxyfluorescein
